BITS Pilani (an Institution of Eminence in India) and Iowa State University in Ames partnered to offer an exciting opportunity for students to pursue unique collaborative academic programmes at the international level. Students can opt to pursue a dual degree program whereby they can obtain an engineering degree from BITS Pilani and an engineering degree from Iowa State University upon successful completion of the program requirements.

Students admitted under this collaboration will have the unique opportunity to immerse themselves in diverse cultures and gain a truly global perspective. In this 4-year collaborative 'dual degree' programme, students will spend the first two years along with the summer term at BITS Pilani campuses before getting transferred to Iowa State University.

Ames for the remaining two years (i.e., years 3 and 4) of their study period. Our innov curriculum combines the strengths of both academic environments, offering an outstar education that would prepare them for success in today's rapidly changing world. state-of-the-art facilities, inspiring faculty, and a wide range of extracurricular activities collaboration would be the perfect place to launch students' productive academic professional journeys.

It is planned to admit students in the following four undergraduate programmes from leading universities from the Academic Year 2024-25 onward.
